BROOKE MARLOW, ST. CROIX VALLEY SART

St. Croix Valley SART
River Falls, WI

Take Back the Night is an international event working to ending sexual, relationship, and domestic violence in all forms.

SART's primary mission is to provide forensic health care, education and advocacy for sexual assault victims. SART stands for "sexual assault response team," but SART's services are broader than sexual assault, including services for victims of other kinds of interpersonal violence. While many other SART organizations are merely review boards, our local SART is a direct service provider, employing professionally trained SANEs (sexual assault nurse examiners) to provide care in our region.

Our local SART is a community-based nonprofit organization founded in 2002. It is led by a volunteer board of directors. St. Croix Valley SART serve Pierce, Polk, St. Croix and Pierce Counties. SART has a staff of six, including an administrative coordinator; a forensic nurse coordinator; a forensic nurse educator; an advocacy coordinator; an adult and families advocate; and a child, youth and families advocate. Sex trafficking is an issue increasingly on SART's radar.

The goal of the forensic nurse examiner program is to have staff available to address the needs of victims in a sensitive, dignified and victim-centered manner while promoting the criminal justice system response. They physically and emotional stabilize and provide treatment, if necessary, and engage victims as essential partners in the criminal investigation and in their own recovery.

The goal of the advocacy program is to assist the victim through the healing process and to ultimately advocate for themselves by providing victims with emotional support during the forensic nurse examination and education and to support victims throughout recovery.

Forensic nurse examiners not only collect and preserve evidence, but are also often called upon to testify in court. They collect evidence not only from victims, but also from suspects. The SART SANEs recently went through training specific to pediatric patients, including not only pediatric exams and testimony, but also working with the myriad of social service agencies that serve children. They've recently started a support group for parents of children experiencing sexual assault.

SART contracts with seven hospitals in three counties in western Wisconsin to provide SANE services. SART is active with many community collaborations and coalitions, looking for opportunities to support the work of partners.

"Take Back the Night" is SART's annual advocacy event, raising awareness about sexual violence and empowering supporters to speak up.
